SUMMARY

As a recent BCA graduate, I bring a solid foundation in computer science, complemented by a passion for learning and a commitment to excellence. My academic background has equipped me with fundamental knowledge in various technologies. I am eager to contribute my technical abilities to a dynamic team and to grow professionally in your industry or field.

CERTIFICATION

CyberSecurity

I successfully achieved the Cyber Security Certification from

ST7 surveillance solutions

PROJECTS

Figma

I developed a cross-platform mobile app with Flutter.
I implemented user registration and booking features.
I integrated third-party APIs for payments, maps, and inventory.

- Figma

Portfolio

Designed and developed a fully functional Portfolio from scratch.

Utilized HTML, CSS, and JavaScript for implementation.

Demonstrated proficiency in front-end web development Implemented cutting-edge technologies and responsive design principles for optimal user experience across various devices Applied innovative solutions to enhance user interactions.Implemented responsive design principles for optimal user experience Implemented responsive design principles for optimal user experience

Speed Typing

Showcased proficiency in front-end development using HTML, CSS, and JavaScript.
Developed a game with dynamic user interactions and a responsive interface.
Implemented persistent scoring using local storage.
Successfully applied principles of randomness and decision logic, resulting in an enjoyable gaming experience.

SKILLS

python   **Sql**   **HTML**   **CSS**   **JS**

Django   **Windows**   **Github**

AWS   **Figma**   **Adobe**

EDUCATION

Bachelor of Computer Application

Aditya Degree College

📅 02/2020 - 07/2023

Class XI

Narayana College

📅 04/2018 - 02/2020

Class X

Narayana School

📅 04/2017 - 03/2018

TRAINING / COURSES

Python Full Stack

Palle Technology, Bangalore: Successfully completed an intensive Python Full Stack course.
"Acquired comprehensive knowledge encompassing both front-end and back-end technologies.
Engaged in a dynamic curriculum that covered a wide spectrum of topics, including HTML, CSS, JavaScript, Python, Django, and various other relevant frameworks.
Attained practical skills and a holistic understanding of Python Full Stack development, providing a solid foundation for real-world applications.

INTERNSHIP

CyberSecurity

ST7 surveillance solutions

- Protecting our digital assets, including sensitive personal and financial information, intellectual property, and critical infrastructure.
- Documented test cases and participated in daily standups.
- Performed security assessments and penetration testing.
